

## **NOTICE OF LOCAL TARIFF CHANGES**

ACS of Alaska, Inc. ("ACS-AK"), ACS of Anchorage, Inc. ("ACS-ANC"), ACS of Fairbanks, Inc., ("ACS-F"), ACS of the Northland, Inc., ("ACS-N") (Sitka Exchange and Glacier State Study Areas only), hereinafter collectively referred to as "ACS", give notice that on October 1, 2009, revisions to its local exchange tariffs were filed with the Regulatory Commission of Alaska.

In TAs 167-251, 515-120, 108-117, and 147-359, ACS-AK, ACS-ANC, ACS-F, and ACS-N, respectively, filed tariff revisions to rename and repackage the services formerly known as "Transparent LAN Service (TLS)" and "Transparent LAN Service-Lite (TLS-Lite)" into a single offering known as "Metro Ethernet Service."

The name change is reflective of standard industry terminology, and is put in place to clarify the service offering to customers who are likely to seek the service under its most frequently used name. The repackaged Metro Ethernet Service greatly expands the accessibility of this service to the customer. ACS adds thirteen new speeds and two more term discounts. Additional bandwidths and price points provide customers with greater opportunity to customize their bandwidth and save on costs. ACS has also simplified the price structure and standardized the term discounts across all bandwidths.

The effective date of these filings is October 1, 2009.

To the extent allowed by law, you may obtain more information about this filing and the companies' local services tariffs and intrastate tariffs from ACS at 600 Telephone Ave., M.S. #60, Regulatory Affairs Dept., Anchorage, AK 99503 between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

Dated at Anchorage, Alaska, this 1<sup>st</sup> day of October, 2009.
